

Dostupné podporné mechanizmy, ktoré by mohli samosprávam pomôcť pri efektívnejšom plánovaní a následnej implementácii mitigačných a adaptačných opatrení aj v dobe krízy - EU Funding possibilities

EU finances adaptation to climate change in Europe through a wide range of instruments

- **LIFE Programme** - funding instrument for the environment and climate action

EU Funding possibilities

European Regional Development Fund (including the funding of INTERREG projects)

Interreg A – Cross-Border: Risk prevention and emergency response as part of climate adaptation can be financed by this programme.

Interreg B - Transnational: This programme can finance climate change adaptation strategies as for instance related to, for instance flood management, nature based solutions.

Interreg C - Networking: to enhance interregional cooperation to build up networks to develop good practice and to facilitate the exchange and transfer of experience by successful regions.

EEA grants, Horizon Europe,

EU Mission - Mission for Adaptation to Climate Change

29 September 2022

Mission objectives

To help at least 150 European regions and communities towards climate resilience by 2030

REGIONS AND LOCAL AUTHORITIES

Support at least 150 European **regions and local authorities** to become **climate resilient** by 2030
Build a **community of practice on adaptation to climate change**
Support delivering the **European Green Deal** and the **Climate Adaptation Strategy**
